Summary

I'm a passionate front-end developer who loves turning ideas into working web applications. I specialize in **React.js**, with hands-on experience in **Node.js**, **Firebase**, and crafting clean, user-friendly interfaces.

Currently working on a full-stack graduation project that challenged me to think deeper, collaborate better, and build smarter.

I'm always exploring, always learning — driven by creativity, curiosity, and a strong desire to grow.

Skills

- **QA & Testing:** Manual Functional Testing, Test Case Design, Bug Reporting, Responsive UI Testing, Debugging
- **Frontend Development:** HTML, CSS, JavaScript, React, Bootstrap, Tailwind CSS
- **Problem Solving:** Algorithm Design, Data Structures, Logical Reasoning, Efficient Debugging
- **Tools & Version Control:** Git, GitHub
- **Soft Skills:** Effective Communication, Team Collaboration, Adaptability, Time Management

Internship Experience

Dimensions Info Tech | Ramallah
Front-End Developer Intern
06/2024 - 09/2024

- Built and maintained UI components using HTML, CSS, and JavaScript
- Gained exposure to component-based development in React
- Collaborated with team members, participated in code reviews
- Assisted in developing responsive web interfaces using **React.js** and **Tailwind CSS**.
- Gained hands-on experience in integrating APIs and managing component state.

Education

Palestine Technical University - Kadoorie | Tulkarm, Palestine
B.Sc. in Computer Systems Engineering
Expected in 1/2026
GPA: 80/100

Projects

Travel Planner App

Technologies: HTML, CSS, JavaScript, Webpack

- Developed a responsive web application for planning trips.
- Built form validations and dynamic content updates.

GitHub: [Travel App](#)

E-Commerce Interface

Technologies: HTML, CSS, Bootstrap

- Designed and implemented the front-end of an e-commerce platform.
- Focused on responsive layout and product display.

GitHub: [Depot](#)

Movie App

Technologies: React, CSS, TMDB API

- Built a responsive movie browsing app using React and TMDB API.
- Implemented real-time search and dynamic rendering.
- Emphasized component-based structure and user-friendly design.

Certifications

- **Full Stack Development Certificate** – Knowledge Academy (*In Progress*)
- **Front-End Web Development Nanodegree** – Udacity / Palestine Launchpad (*Expected: June 2025*)
- **Problem Solving Course** – Coach Academy (*Completed: May 2023*)
- **Mastering Data Structures & Algorithms using C and C++** – Udemy (*Completed: May 2023*)
- **IEEE Xtreme 2024 Programming Competition** – Certificate of Participation in Algorithmic Problem Solving
